*"To change in time".
It is one of the reasons
of our success.*

Who we are

Since 1997 Club dei Riparatori by Idrobases manufactures spare parts and accessories to service all kinds of h.p. washers.

Club dei Riparatori breaks the monopoly of manufacturers in the market for h.p. washers parts. Now, the repairer of h.p. washers can choose between buying from the usual suppliers or from Club dei Riparatori; in this way he reduces sales prices and delivery times, while increasing quality of services.

Mission of Club dei Riparatori states:
"To supply all that you need to service any kind of h.p. washer in the world!"

*Always original

our solutions*

Our business

Our products are of the highest quality and our prices are generally 30% lower than those of our competitors. Our costs are the lowest in the market simply because we do not rely on intermediaries and everything is arranged direct.
